## STATE CHAIR FACTORY.

### The Contract Let to Torman and Hubbard.

The Board of Sinking Fund Commissioners met Monday afternoon and decided to purchase machinery for the manufacture of chairs in the penitentiary, and a plant will be put in which will turn out about \$18,000 worth of chairs per month and give employment to five or six hundred prisoners. A contract was made with Mr. S. A. Norman, the present Warden, and Mr. J. C. Hubbard, formerly with the Mason & Ford Co., to take the stock of chairs turned out.

The machinery will be put in as soon as possible and the now idle convicts put to work. As soon as the new factory is in operation there will be a vacancy in the office of Warden, as Mr. Norman, who cannot hold the office and a contract with the State at the same time, will resign.

Hon. Henry George, ex-Senator from Graves county, has been selected as his successor and will be elected by the Commissioners at their next meeting.

### Council Proceedings.

#### ADJOURNED MEETING.

SATURDAY, Sept. 2, 1893.

Present President Milam and Councilmen Ellwanger, Furr, Gray, McClure, Swigert and Watson.

The city engineer and Prof. Nelson presented a diagram defining the location of the street car line on North Wilkinson street.

Councilman Watson moved that the city engineer require the street railway company to have Wilkinson street cleared of all obstructions made by it during the work for track and tie laying. Adopted.

A petition was received from property holders on Holmes street, asking that the water main be extended out as far as Church's training stable. Referred to water committee.

A petition was received from citizens on Arlington Heights asking that the water main be extended as far as the city limits. Referred to water committee.

#### CALLER MEETING.

WEDNESDAY, Sept. 6, '93.

All the members of the council were present except Councilmen M. P. Gray and Jno. E. Miles.

A communication was received from the Mayor explaining the object of the meeting to be for the purpose of taking action on the additional contract for the wing walls at the south end of the St. Clair street bridge with the King Bridge Company. The contract, as prepared by Engineer Nelson, was approved by the council.

Mr. McClure offered a resolution authorizing the Mayor and finance committee to negotiate with the State National Bank and Deposit Bank for \$3,000 from the former and \$2,000 from the latter, to pay the first estimate on the new bridge, due September 1. They were authorized to deposit five bridge bonds as collateral for the loans. Adopted.

On motion of Mr. Watson, the estimate was received and ordered filed.

On motion of Mr. McClure, the Mayor was instructed to receive and receipt to the Sinking Fund Commissioners for the \$50,000 worth of bridge bonds.

The Mayor was instructed to ask the Street Car Company to suspend the running of their cars so as to enable the contractor to do his work on the north pier of the bridge, it requiring the use of the passageway for vehicles to enable him to do the work.

The Mayor offered an ordinance defining the boundaries of the wards, the mode and manner of elections, the duties of officers and their salaries (the salient feature of which is, that in the future the engine house force shall be elected by the council). The ordinance was read and referred to the ordinance committee and city attorney, to be referred back to the council for passage.

City Attorney Herndon read a letter he had received from General Manager Metcalfe, of the L. & N., in relation to the Wilkinson street trestle. He stated in substance that owing to the hard times the company would be unable to comply with the request of the city council in the matter of raising the trestle. The communication was ordered filed.

The city marshal was instructed to notify the L. & N. Company, through their agent in this city, to remove forthwith all obstructions from the street, under penalty of being warranted if it was not done in a reasonable time.

There being no further business, the council adjourned until the regular meeting night.

### Another Dave.

The "Blind Dave" who died recently at Springfield, Ohio, is not the blind fiddler who has been seesawing back and forth and sawing on the same old tunes for the last thirty years, at the court day and other public gatherings in this part of the country. The latter individual is very much alive and still able to scrape cat gut.

For a lame back or for a pain in the side or chest, try saturating a piece of flannel with Chamberlain's Pain Balm and binding it onto the affected parts. This treatment will cure an ordinary case in one or two days. Pain Balm also cures rheumatism. 50 cent bottles for sale by J. W. Gayle.

### Base Ball.

The Frankfort Base Ball Club played two games of ball at Lake Park Saturday afternoon, the first with the club from Alton, Anderson county, which resulted in a score of 19 to 3 in favor of our boys, and the second with the Peak's Mill Club, which was called on the fourth inning with the score standing 11 to 3 in our favor.

The Frankforts went to Georgetown Wednesday afternoon and played a game with the club at that place which resulted in a score of 22 to 6 in favor of our boys.

Captain Sweeney, U. S. A., San Diego, Cal., says: "Shiloh's Catarrh Remedy is the first medicine I have ever found that would do me any good." Price 50 cents. Sold by W. McKee Hardie.

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

### Court Day.

A good crowd was on the streets Monday and there were some offerings of horses and some few cattle, but the hard times still keep prices low.

Master Commissioner W. H. Posey sold the following property:

In the case of Harry Shaw vs. Boner & Gallahue, a house and lot at the Forks of Elkhorn to Mr. Shaw for the amount of his debt, \$262.90.

Forty acres of land near Peak's Mill to E. W. Gregory for \$255.

No business of importance was transacted by the court further than the probating of the will of Jennie Mosby.

The testatrix directs that a lot on Murray street owned by her be sold and the proceeds, with the exception of ten dollars, be paid to the Corinthian Baptist Church to be used in liquidating the church debt, the remaining ten dollars to be paid Peter S. Dent. Her clothes and household furniture she leaves to her sister, Harriett Wathen, of Woodford county. Her piano to Harriett Beasley, her gold watch to her step son, Lewis Smith; her knives, forks and silver spoons to Jennie Williams, of Lexington, and a set of glasses to Winnie A. Scott.

Lewis Dent was appointed and qualified as administrator under the will.

After court adjourned in the morning the Populist party held a convention at the court-house and nominated Mr. W. B. Bridgeford as a candidate for Representative, and recommended W. F. B. South for Senator. In the afternoon Hon. L. J. Cox and Judge T. H. Hines, in brief speeches, announced their candidacy for the Democratic nomination for Representative.

The watermelon wagons and peanut vendors did a lively business all day.

### Hurt His Side.

Chief of Police M. H. P. Williams, jr., fell over a truck at the L. & N. depot Monday and injured his side so badly that he was confined to the house for several days.

STATE OF OHIO, CITY OF TOLEDO, Lucas County.

Frank J. Cheney makes oath that he is the senior partner of the firm of F. J. Cheney & Co., doing business in the city of Toledo, county and State aforesaid, and that said firm will pay the sum of one hundred dollars for each and every case of Catarrh that can not be cured by the use of Hall's Catarrh Cure.

Hall's Catarrh Cure is taken internally and acts directly upon the blood and mucous surface of the system. Send for testimonials, free.

F. J. CHENEY & CO., Toledo, O. Sold by all druggists, 75 cents.

### Another Assignment.

The J. H. McBrayer Distilling Company, composed of Capt. J. H. McBrayer, of Anderson county, Mr. John Meagher and Hon. H. Taylor, jr., of this city, made an assignment Thursday to the Security Safety Vault and Trust Co., of Lexington, for the benefit of their creditors. The assignment was made necessary on account of the recent failure of Messrs. E. H. Taylor, Jr., & Sons, the two firms being so intimately connected that the settlement of the affairs of neither could be very well accomplished unless both were in the hands of an assignee. We are reliable informed that both firms will pay dollar for dollar of their indebtedness and have a large surplus left.

### Advertising Pays.

Of course advertising pays, especially if done in the ROUNDABOUT. Miss Emma Morris lost her St. Bernard dog Jim last week, advertised for him in last Saturday's issue, and early Saturday morning Jim came trotting into town.

The way she looks troubles the woman who is delicate, run-down, or overworked. She is hollow-cheeked, dull-eyed, thin, and pale, and it worries her. Now the way to look well is to be well. And the way to be well, if you're any such woman, is to use faithfully Dr. Pierce's Favorite Prescription. That is the only medicine that's guaranteed to build up woman's strength and to cure woman's ailments. In every "female complaint," irregularity, or weakness, and in every exhausted condition of the female system—if it ever fails to benefit or cure, you have your money back.
